Additionally, pursuant to Rule 1846.2, CHRB 1846.3 requires the trainer shall, at least 24 hours prior to the examination, submit to a regulatory veterinarian, using a form prescribed by the Board, the veterinary treatment and training records for the previous 60 days.

The warning system shall stay activated until the situation has been contained and the track has been cleared by the outrider and deemed safe to resume normal training. Only when the warning system has been deactivated may a rider resume normal training.
