requiring that every horse that has not had a recorded work or race within the past 90
days shall be subjected to a veterinary examination for training soundness
and health prior to beginning training. Additionally, pursuant to Rule 1846.2, CHRB
1846.3 requires the trainer shall, at least 24 hours prior to the examination, submit to a
regulatory veterinarian, using a form prescribed by the Board, the veterinary treatment
and training records for the previous 60 days.

These forms are available from the Official Vet and on the CHRB website (chrb.ca.gov)

ATTENTION TRAINERS: Reminder all lip chains must be wrapped.

ATTENTION HORSEMEN: During morning training, when the warning system has been
activated, all riders must immediately slow their horse to a jog, giving the outrider and
any loose or injured horse the maximum amount of track space possible, to maintain
safety. The warning system shall stay activated until the situation has been contained
and the track has been cleared by the outrider and deemed safe to resume normal
training. Only when the warning system has been deactivated may a rider resume
normal training.
